GONE TO TUCSON—Superintendent M. O. Bicknell left last night for Tucson on a business trip.
A PROVISION FOR COMFORT—There are two large ventilators in the new Baptist Sunday school and Rev. George H. Brewer will preach a short sermon on Sunday evening.

BAPTIST CHURCH—Third avenue and Montrose street. Lewis Halsey, D. D., pastor. Public worship at 11 a. m. and 8 p. m.; Bible school at 9:45 a. m.; E. Y. P. L. 7 p. m. The pastor will preach in the morning. Rev. George H. Brewer will preach in the evening. The Special Sunday school service being postponed one week. All cordially welcomed.

DEATH OF B. K. JAMISON—News has been received in the city of the death of B. K. Jamison of Philadelphia who spent a part of the winter here a year ago. He was a member of the Philadelphia stock exchange and during his residence here kept a brokerage office in the Hotel Adams. His father years ago was one of the foremost residents of Philadelphia and was prominent in the politics of Pennsylvania.

KILLED BY TRAIN—A white man aged about thirty-five years, was killed by an eastbound freight train Monday morning about 100 yards from the west end of the railroad bridge on the California side, says the Yuma Sentinel. The body was unidentified. He was supposed to be a miner. He had light hair, and wore a pair of checked trousers under overalls, and a hat with numerous blotches of paint on it. The body was cut in two, but not otherwise mangled, though shreds of his clothing were strung along the track for some distance.

NO EXTRA CHARGE—There will be no extra charge for the use of opera glasses at the baseball game at Eastlake park tomorrow afternoon, but they will not be furnished by the management. The management agrees to furnish eighteen all star players and a free grandstand, which is surely liberal. Those who have no opera glasses are advised to wear smoked glasses, for there is to be more brilliancy in evidence than is often seen at a Phoenix ball game. Farmer Walden's straw hat with the red trimmings will alone be worth the price of admission.

FOR COOKING CARP—Since catfish have become so plentiful in Salt river, the catching of carp does not seem to be as popular as it once was, and in order that this grand sport may not become entirely obsolete, Billy M. It. n, who has an almost national reputation in the cooking of fish, submits the following recipe for preparing and cooking carp. Thoroughly clean the carp and allow it to hang in the sun for two days, then take it down and nail it on a clean board, after which allow it to hang up for two days longer; then put it in the oven and bake slowly for six hours; remove from the oven, draw out the nails, throw the fish away, and eat the board and the nails. These are said to be the best part of the fish.

LEFT ON A SPECIAL—Mrs. L. C. Toney, Gladys Toney and Charles Toney, and Dr. Toney's aged mother took a special for Maricopa at noon Thursday. The Misses Allison and Wallace joined them at Tempe and all go to the world's fair at St. Louis. The purpose in leaving on a special was to catch one of the Rock Island trains on which they had reserved the drawing-room. They expect to be gone about three months. Dr. Toney has a brother and many relatives in St. Louis from which city his mother came two or three years ago, and where she will be at home. Mrs. Toney will visit her relatives in Illinois also. Dr. Toney will join his family in St. Louis later in the summer.

THE OTERO ESTATE—Application was made in probate court yesterday by Arthur M. Otero; one of the heirs of the estate for the appointment of a commission for the final distribution of the estate, the heirs having been unable to agree among themselves as to an equitable plan of distribution. The estate was worth about \$40,000. According to the will the widow was to

receive half of it less a share in the cattle belonging to the estate and each of the eight children was to receive one sixteenth. All these shares were undivided and that is what caused the trouble. Two of the sons failed to agree with the third who was the administrator. There was a distribution of a part of the personal property but the remainder of the estate was held in the undivided shares.
